What happens if this balance is not resolved within 48 hours

1. Outgoing calls, texts and mobile data on 07700900123 may be restricted immediately if not already restricted.
2. If we end your contract during its minimum term for non-payment, the remaining monthly charges for your contract term and a disconnection fee of £250 plus VAT per line become due under your agreement. We will issue a separate final invoice listing each charge, and if that invoice remains unpaid we may make a claim for it through the county court.
